

Evening Telegraph

PUBLISHED EVERY AFTERNOON (SUNDAYS EXCEPTED) AT THE EVENING TELEGRAPH BUILDING, NO. 108 S. THIRD STREET, PHILADELPHIA.

The Price is three cents per copy (double sheet), or eighteen cents per week, payable to the carrier by whom sent. The subscription price by mail is Nine Dollars per annum, or One Dollar and Fifty Cents for two months, invariably in advance for the time ordered.

WEDNESDAY, NOVEMBER 30, 1870.

THE EVENING TELEGRAPH, from its original establishment, has been in the receipt of telegraphic news from the New York Associated Press, which consists of the Tribune, Times, Herald, World, Sun, Journal of Commerce, Evening Post, Commercial Advertiser, and Evening Express. The success which has attended our enterprise is, in itself, a sufficient evidence of the freshness, fullness, and reliability of the news which we have received from this source.

The earliest regular edition of THE EVENING TELEGRAPH goes to press at 1 1/2 o'clock, and the subsequent regular editions at 2 1/2, 3 1/2, and 4 1/2. Whenever there is important news of the progress of the European war, extra editions will be issued after this hour, and before the regular time for the early edition.

BISMARCK'S NEW PROGRAMME.

If we are to believe a cable telegram from Versailles purporting to give an account of an interview between Otto von Bismarck and the German Emperor, the latter has resolved to refuse to accept the unconditional surrender of Paris and to permit it to capitulate only when conditions for a complete termination of the war have been agreed to.

THE NEW FREE-TRADE PARTY.

A BANQUET of the leading free-traders of the country was held at New York on Monday evening, at which plans for a new crusade against American industry were discussed under the exhilarating influence of a twenty-dollar-a-head dinner.

York, who hopes to ride into national power in 1872 on the free-trade issue, we must expect that Wells will continue his descent in the circling hell of political infamy until he has sounded the very lowest depths of its profound abyss.

THE PUBLIC BUILDINGS.

The property holders in the neighborhood of Washington and Independence Squares are determined, notwithstanding the expressed wishes of the people, that the new public buildings shall not be put upon Penn Square if it can possibly be prevented, and they are leaving no stone unturned to accomplish their object of having them placed in an utterly unsuitable location in order that a comparatively few buildings on Walnut, Chesnut, Fifth, Sixth, and other streets may be made to yield in the future, as they have in the past, enormous profits from the rental of rooms as offices.

With regard to the arguments against the plans of the petitioners, they can only be characterized as the weakest kind of twaddle. The intersection of Broad and Market streets is the only proper place for an imposing pile of buildings such as the commissioners propose to erect, and it is the sheerest nonsense to suppose that with a street 130 feet wide around them, they will in any sense be obstructions either to Broad or Market street.

THE COMMERCIAL INTERESTS OF ENGLAND, which would be seriously imperilled if that country should engage in a war with Russia, are shown by a parliamentary return recently issued. At the end of the year 1869 there were remaining on the register of the United Kingdom, including the Channel Islands, 24,187 sailing vessels of 4,765,294 tons, and 2978 steam vessels of 948,367 tons.

sets of 6,790,467 tons were vessels exceeding 50 tons. In the year 1869, 1012 vessels of 368,876 tons were placed on the register of ports of the United Kingdom, viz., 731 sailing vessels of 245,373 tons, and 281 steam vessels of 123,503 tons; 1022 vessels of 393,297 tons were sold and transferred in the year, 756 of 292,452 tons were wrecked, and 57 of 5937 tons were broken up.

THE VOTE OF ILLINOIS.

The official returns of the vote in Illinois give the following as the result of the contest for Congressmen at large: John A. Logan (Rep.) 163,391; W. B. Anderson (Dem.) 145,121; Nicholas (Temperance) 9,966.

The following gives the names of the candidates elected in each district, those marked thus (*) being members of the present Congress, with their votes and majorities, and the majorities in the same districts in 1868:

The new delegation, it will be seen, stands 8 Republicans to 6 Democrats. In the present Congress there are 10 Republicans and 4 Democrats; and in the Forty-first Congress there were 11 Republicans and 3 Democrats.

CLARK'S GOLD MEDAL SALAMANDER HOT-AIR FURNACE consumes less coal, gives more heat, requires less attention, and in every respect is superior to any hot-air furnace in the country.

CLARK'S GOLD MEDAL HOT-AIR COOKING RANGE.—Fifteen hundred references for this celebrated Range that it will do more cooking and baking, heat more warm water, and heat three large rooms in the coldest weather, with less coal than any range in the market.

CLARK'S CELEBRATED IMPROVED BALTIMORE FIRE-PLACE HEATER.—Twenty men are now employed in putting up these great fuel-saving base burners, which are the only Hot-Air Fire-Place Heaters in the market.

NICKEL PLATING is patronized by Uncle Sam. Ordnance officers strongly endorse this new and beautiful mechanic art.
